Manufacturer's Certification Statement

Section 25C of the Internal Revenue Code (the "IRC") permits taxpayers to claim a limited tax credit with respect to amounts paid or incurred to purchase "Eligible Building Envelope Components" as that term is defined in IRC § 25C. The tax credit was amended by Section 1121 of H.R.1, "The American Recovery and Reinvestment Act of 2009".

IRS Notice 2006-26 sets forth the requirements for a Manufacturer's Certification Statement. The taxpayer may rely on this Statement that certain Sunrise windows and doors are Eligible Building Envelope Components. The taxpayer is not required to attach this Statement to their tax return. However, the taxpayer should retain this Statement for their records.

The exterior window, skylight, or door has a U-factor and SHGC of 0.30 or below.
